would also like to find it in French,
because I don't know Portuguese.
We had such a lady at the institute,
a philologist (I don't remember
her name). She did not speak
Portuguese, only French. And all
the questions she was asked in
French, and she answered only in
French. She also answered in
English. And to all the questions
that she did not like, she answered
in Russian. She really annoyed us.

But these are still flowers

Europe. And in Latin America.
